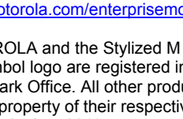
Radio Link Solution (RLS) Radio Interface Unit (RIU) Regulatory Guide



Motorola reserves the right to make changes to any product to improve reliability, function, or design. Motorola does not assume any product liability arising out of, or in connection with, the application or use of any product, circuit, or application described herein. No license is granted, either expressly or by implication, estoppel, or otherwise under any patent right or patent, covering or relating to any combination, system, apparatus, machine, material, method, or process in which Motorola products might be used. An implied license exists only for equipment, circuits, and subsystems contained in Motorola products.

Regulatory Information

This device is approved under the Motorola brand: Motorola, Inc.
This guide applies to the following Model Number: RLS-RIU0401.

All Motorola devices are designed to be compliant with rules and regulations in locations they are sold and will be labeled as required.
Local language translations are available at the following website: www.motorola.com/enterprisemobility/support.
Any changes or modifications to Motorola equipment, not expressly approved by Motorola, could void the user's authority to operate the equipment.

Operation of the device without regulatory approval is illegal.

System Integrator is responsible to comply with local directives.

Health and Safety Recommendations

USA and Canada Co-located advisory

Ensure that terminals and radios used with the RLS-RIU0401 products comply with their FCC RF exposure compliance requirement and antenna co-location requirement.
For CM200 systems only: ensure antenna separation of a minimum of five feet from each other and five feet from human traffic.

Radio Frequency Interference Requirements-FCC

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Radio Frequency Interference Requirements-Canada

This Class A digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

CE Marking and European Economic Area (EEA)

WARNING: This is a Class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

Statement of Compliance

Motorola, Inc., hereby declares that this device is in compliance with all the applicable Directives, 2004/108/EC, 2006/95/EC.
A Declaration of Conformity may be obtained from www.motorola.com/enterprisemobility/doc
